RACE SAFETY AND EMERGENCY INFORMATION

Independent Safety Monitor: Kim Rivera (swimmeratc@yahoo.com).

Supervision

Races will be supervised by certified lifeguards, provided by the Sandpipers of Nevada. 3 motorized water safety crafts will be on the course during races, following the athletes. In addition to the motorized crafts, 6-8 lifeguards in kayaks will be spread-out along the course approximately every 150m.

Accounting for Swimmers

Competitors will be pre-assigned race numbers. All swimmers will be checked in and marked at race time. Number of swimmers in a race will be announced to all officials and safety personnel prior to the start of the race.

Communication

Meet officials will have direct radio communication with each other and the Safety Monitor, who will be located on shore. If the lifeguards on the course do not have radio communication, non-verbal communication will be used to indicate a swimmer in distress or an emergency. The non-verbal communication will be lifting and waving the kayak paddle in the air while issuing a series of short whistle blasts.

Evacuation

In the case of an emergency, athletes will exit the course along the south/southeast sides of the wash. An emergency will be indicated by the lifeguards issuing 3-long whistle blasts. Athletes will be able to walk back to the race briefing area after exiting the water where a head count will be conducted. If an athlete is unable to evacuate on their own, kayakers will stabilize the athlete until a motorized water craft can assist the athlete to shore. The start/finish area will be the primary evacuation point.

EMTs & Hospital

A BLS Ambulance will be on site for the event. In the event of that medical professionals are required, the Independent Safety Monitor will call 911. The person will be transported to:

Henderson Hospital
1050 W Galleria Drive
Henderson, NV 89011
(702) 963-7000

Medical Equipment

AEDs and first aid are available near the start/finish area. Lifeguards will have basic first aid on hand.

Thermal Safety

Tents for shade will be setup in the athlete hospitality areas. Bottles of water post-race will be provided, but athletes are strongly encouraged to bring their own hydration.

The event will be in compliance with USA Swimming Rules. See Section 7 of the USA Swimming Rulebook for more information or topics not addressed in this meet form.
